Butte Mineyards  
Diamond Mine  
Butte Vicinity  
Silver Bow County  
Montana

HAER No. MT-36-B

Photographer: Jet Lowe, August 1979 and January 1980

- MT-36-B-1 GENERAL VIEW OF THE DIAMOND MINEYARD LOOKING NORTHWEST SHOWING THE DRIES ON THE LEFT, TAR STORAGE AND TOILET FACILITIES IN THE CENTER, AND A ROPE CLEANING HOUSE ON THE RIGHT
- MT-36-B-2 ENGINE ROOM AND CHIPPY ENGINE ROOM OF THE DIAMOND MINE, LOOKING NORTH. THE MAIN HOIST USED A FLAT CABLE, WHICH WAS SCRAPPED IN THE 1950s. THE ORIGINAL DIXON CABLE STILL EXISTS IN THE CHIPPY HOIST HOUSE.
- MT-36-B-3 SKIP DUMP OF THE DIAMOND MINE, LOOKING NORTH
- MT-36-B-4 BOSSES/NIPPER SHACK, LOOKING NORTHEAST. THE SHACK IS LOCATED JUST EAST OF THE HEADFRAME.
- MT-36-B-5 VIEW OF THE SKIP DUMP LOOKING NORTHEAST
- MT-36-B-6 VIEW OF THE LORRY HOUSE LOOKING WEST FROM UNDER THE SKIP DUMP
- MT-36-B-7 VIEW OF THE DIAMOND HEADFRAME, LOOKING EAST. THE ROPE HOUSE ON THE RIGHT WAS USED TO SEW FLAT CABLE, DRIES ARE ON THE LEFT
- MT-36-B-8 VIEW OF THE DIAMOND HEADFRAME FROM THE WEST, WITH THE FIRE HOSE HOUSE ON THE LEFT
- MT-36-B-9 DIAMOND HEADFRAME AND ROPE HOUSE
- MT-36-B-10 DIAMOND MINE YARD FROM THE NORTH SHOWING A COMPRESSED AIR PIPE AND TRESTLE IN THE LOWER LEFT, AND THE LORRY HOUSE. A PART OF A RETAINING WALL IS VISIBLE ABOVE THE RAILROAD CUT
- MT-36-B-11 HOSE HOUSE AT THE SOUTHWEST CORNER OF THE DIAMOND DRIES
- MT-36-B-12 INTERIOR SHOT OF THE DIAMOND DRIES, LOOKING EAST
- MT-36-B-13 DIAMOND HEADFRAME, DETAIL TAKEN FROM THE LEVEL OF THE CHIPPY SHIV WHEEL, LOOKING NORTHEAST

(Page 2)

- MT-36-B-14 VIEW OF THE DIAMOND MINEYARD AND THE HAWKSWORTH PIT FROM THE TOP OF THE DIAMOND HEADFRAME
- MT-36-B-15 DETAIL OF THE SHIV WHEELS AT THE TOP OF THE DIAMOND HEADFRAME
- MT-36-B-16 GENERAL VIEW OF THE DIAMOND MINEYARD. ON THE LEFT IS THE CHIPPY HOIST HOUSE, THE MAIN HOIST HOUSE IS IN THE CENTER, AND THE SUPER HEATER, WHICH WAS USED FOR HEATING COMPRESSED AIR, IS ON THE RIGHT. THE SMALL BUILDING WAS USED FOR CLEANING ROPE CLIPS, AND FOR TOILET FACILITIES. THERE IS ALSO A TAR HOUSE, WHERE TAR WAS STORED AND KEPT WARM. ORIGINALLY EACH MINE HAD ITS OWN TAR STORAGE, BUT IT WAS EVENTUALLY CONSOLIDATED AT THE DIAMOND MINE
- MT-36-B-17 VIEW OF THE DIAMOND MINEYARD LOOKING NORTHEAST. THE DRIES ARE ON THE LEFT, WITH THE TAR HOUSE, TOILET, AND ROPE CLAMP CLEANING BUILDING TO THE RIGHT
- MT-36-B-18 INTERIOR VIEW OF THE DIAMOND HOIST HOUSE, LOOKING SOUTH
- MT-36-B-19 VIEW OF THE DIAMOND HEADFRAME LOOKING SOUTHEAST FROM THE TOP OF BUTTE HILL. THE DRIES ARE ON THE LEFT, WITH THE TAR HOUSE, TOILET, AND ROPE CLAMP CLEANING TO THE RIGHT
